## Artwork requirements:

### Screen Print:

- Editable EPS file
- Image saved at 100% size or larger
- Pantone® references supplied for colours
- Fonts supplied or text saved as curves

### Full colour:

- All graphics should be supplied as high-resolution CMYK files at a minimum of 300dpi
- All design components must be supplied and clearly identified. This includes Tiff, EPS and PDF files; all printer fonts used in the main file & imported graphics.

### Regardless of print method:

- Allow 10mm bleed all around the design.
- Artwork to be emailed with your order number and company name in the reference line or supplied on CD with same information clearly labelled.

Full detailed guidelines including limitations & recommendations are available for each printing method from our website or on request.
